PRECISION TEST SYSTEMS

GOLD STANDARD KIT

Improve the time and efficiency of your Gold Standard calibration verification with Vibrac's new Gold Standard Bottle Kit. The kit includes a custom-designed cap and matching clamp style chuck.

BENEFITS INCLUDE:

- Permanent cap eliminates need to replace worn cap.
- Cost savings as there is no longer a cap replacement fee.
- New clamp design chuck replaces need for hex wrench.
- Works on all Gold Standard bottles.
- Reliable. Repeatable. Accurate.
