

Handheld Homogenizer

Handheld Homogenizer

Applications

- One-handed control, humanized operation, exquisite motor contains super power, and the experimental effect is more ideal.
- Double insulation protection to give you safety.
- All parts of the working head contacting materials are made of high-quality stainless steel with good corrosion resistance.
- The working head is connected with the drive motor by a coupling, which is easy to disassemble and assemble.
- Speed governor base adopts stepless governor, convenient speed control and stable operation.

Specification

Model	HMG-H6
Range of rotation	1000-32000r/min
Processing capacity	0.2—150ml (H ₂ O)
Standard working head	10G
Dispersion Head	Optional
Processing viscosity	200CP
Power	120W
Adjustable speed control	6 speed
Speed mode	Stepless speed regulation
Contact material	SS316L
Enter the material part of the shaft sleeve material	PTEE
Allowable relative humidity	80%
Process type	Micro batch processing
Optional bracket	Single pole universal bracket
N.W/G.W (KG)	2/3.3
Shipping size (W×D×H)(mm)	470×335×200
