

UVCS V3.0 LED Conveyor

Advanced Curing Technology for Fast and Precise Operations

- Speed control from 0,1-7,8 m/min
- 300 mm-wide belt
- Low noise and heat output
- Automated sensing of part entry and exit
- Compatible with BlueWave[®] FX-1250 LED systems
- Lamp height adjustable from 12 to 152 mm
- Low ESD for electronics applications
- Reversible conveyor operation
- 200 mm touch screen HMI
- PLC activation and control
- CE compliant
