

# Inspectrum.10-5 ES

## Product Highlights

- Simultaneous measurement of up to 32 impedance points
- Embedded spectrum calculation and validation
- AC Output Current: 10 A (p-p)
- Frequency Band: 1mHz - 10 kHz
- Battery Impedance: 0.1 mΩ - 100 mΩ
- Input Voltage Range: 0 V - 5 V
- DC Charging/Discharging current: +/- 1 A
- Temperature measurement included
- Small footprint and maintenance-free design
- Plug-Play integration with 8 Channel multiplexer
- Easy integration with commercial cyclers (CAN)
